Country Snapshot

## Vulnerability to modern slavery

How vulnerable a country’s people are to modern slavery is dependent on a range of factors which reflect the strength of governance, access to basic needs, inequality, disenfranchised groups, and effects of conflict. On a scale of 0 to 100, with 100 being the highest vulnerability, Guinea is rated as 66 and has above average vulnerability for the region. Vulnerability is highest in terms of governance issues.

**Figure 3.**  
**Vulnerability of Guinea to modern slavery by dimension, compared to the regional average**

## Government response to modern slavery

The government of Guinea scored 36 out of 100 in their response to modern slavery. This places the government’s response below the average regional response. Of the five areas of response assessed (milestones), the government has taken most action on effective criminal justice mechanisms and the least action on addressing risk in government and business supply chains.
